Cum adaug un mesaj de raspuns automat pe Roundcube?

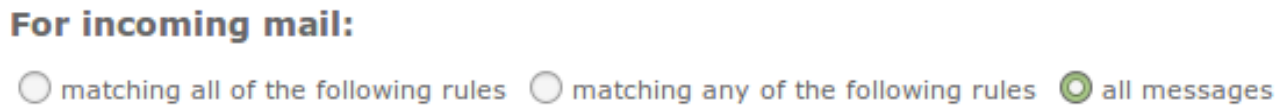

Pentru a adauga un mesaj de raspuns automat prin aplicatia **Roundcube**, apasa in partea dreapta pe **Settings**. Apoi in stanga pe **Filters**

Apasa pe semnul **plus +** pentru a adauga un filtru

La **Filter name:** adauga un nume dupa care sa recunosti regula, la campul **For incoming mail:** alegeti **all mail**

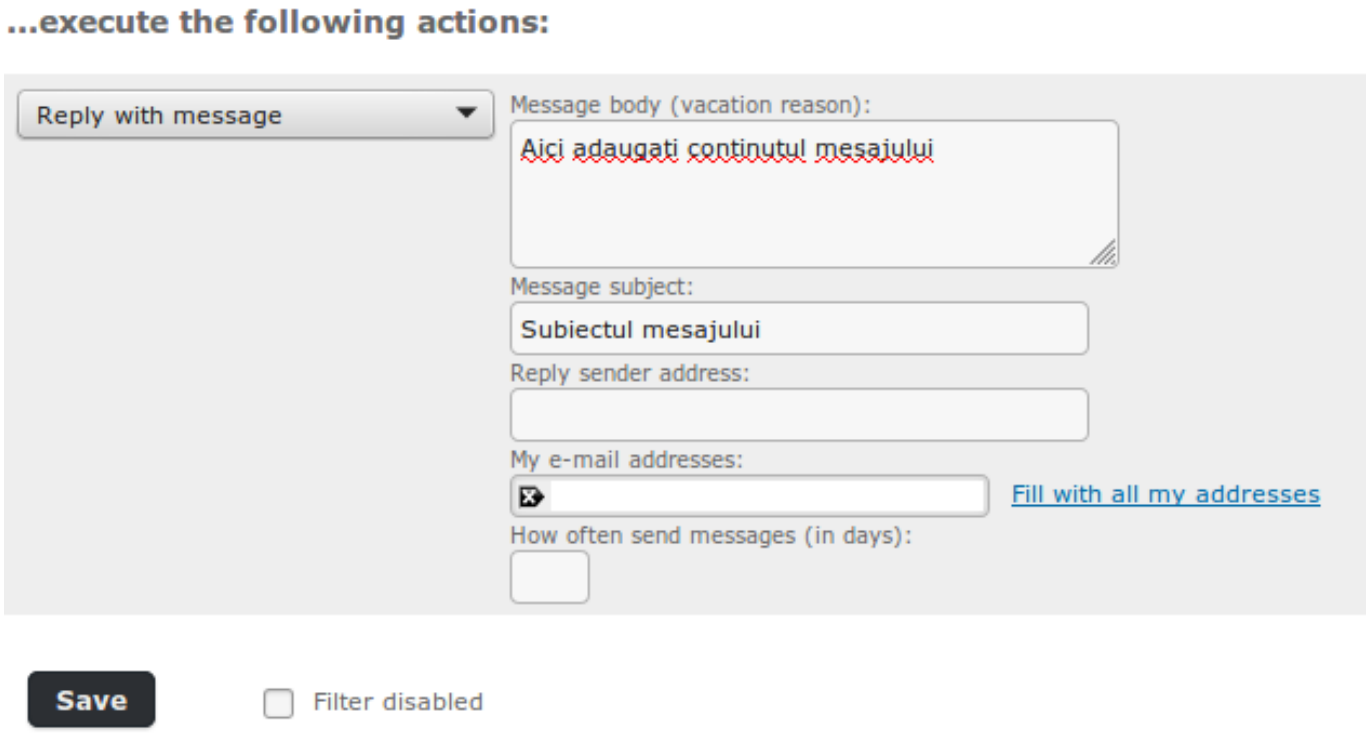

la **...execute the following actions:** din acel dropdown alegeti**: Reply with message**

apoi completati detaliile ce tin de raspunsul automat, continutul mesajului, subiectul acestuia

Email

Reply sender address: si **My e-mail addresses**: nu este necesar sa fie completate iar la **How often send messages (in days)**: introdu **frecventa** o data la cate zile, sa transmita mesaj de raspuns automat la o adresa catre care s-a mai trimis acest tip de mesaj.

Apasa pe **Save** pentru a salva regula.
