Email

Cum mut automat un mail in SPAM in functie de Flag in aplicatia Squirrelmail?

- dupa logare accesati in partea dreapta Filters

- apoi pe Add a new Rule

Server-Side Mail Filtering - Current Mail Filtering Rules

😳 <u>Add a new Rule</u>

- la Condition puneti Mesage - Header - X-Spam-Flag - is : YES

	Condition						
The condition for the following rules is: AND (Every item must match) 💌							
Message Header X-Spam-Flag is	▼ YES						
Less More							

- la **Action** alegeti ce doriti sa se intample cu mesajele de tip **Spam**, sa fie respinse, puse intr-un anume folder sau sterse

	Action				
Choose what to do when this rule triggers, from one of the following:					
 Seep Message Keep Message Move to Folder - Spam 					
Or specify a new folder: to	be created under [None] 🔻				
 Provide the second state of the s					

- la Additional Actions bifati Stop

Email

Additional Actions

۲	STOP – If this rule matches, do not check any rules after it.
8	Flag
ø	Disable

- apasati in josul paginii pe butonul Add New Rule

Add New Rule	Cancel
--------------	--------

- mutati regula apasand pe sageata in sus in asa fel incat sa fie prima care se executa

	Position
Кеер	ţ
Keep Stop	î
